

We are buying a property!

As we announced earlier, we are looking for a separate location for Ajyal Biblical Counseling Center. Thank God, we have found a place that serves our goals for a center that can serve the community. Donation links are provided below.

Summer Events

Egypt

The Lord opened a big door with a ministry called AFTA/ Arabs for the Arabs, a church-planting ministry in the Middle East. This ministry held a 3-day ladies' conference in suburban area in Egypt. Dr. Ibtissam encouraged a lady from the Church to travel with her and be involved in the ministry. It was a blessed experience. The teaching covered biblical identity and proper courting relationships.

We received great testimonies from ladies who still face marriage by force. The ladies experienced freedom, learning, and breakthrough moments, with a strong presence of the Holy Spirit. Many lives were saved. All glory be to God.

Jordan - Al-Fuhais

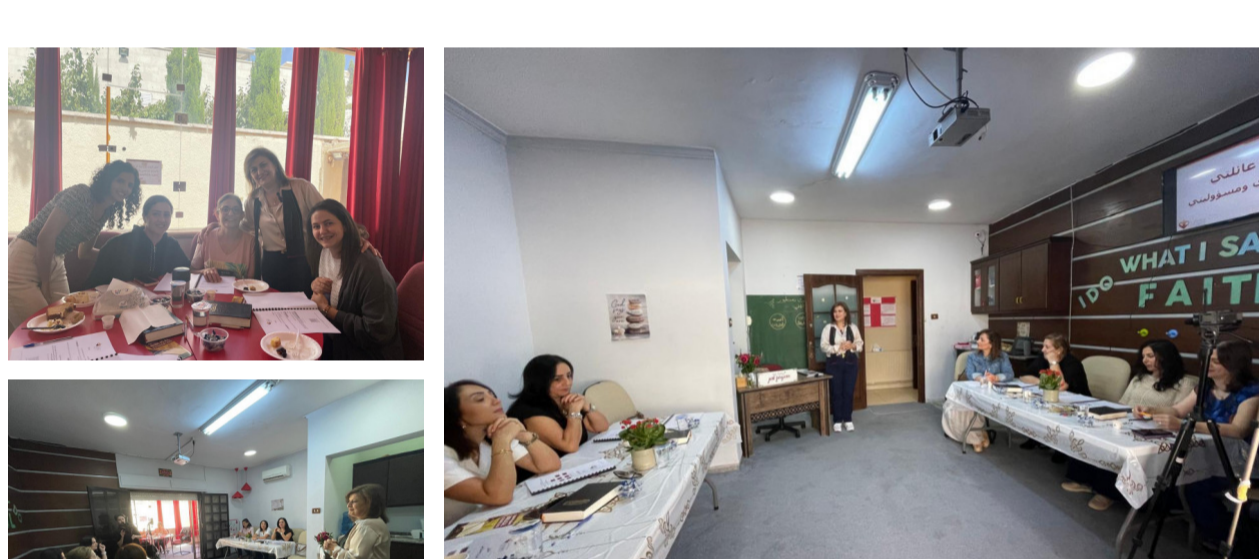

Dr. Ibtissam was invited to speak at a ladies' conference in a large suburban Church in Amman, in a small city called Fuhais. Around 60 ladies from different backgrounds and ages gathered for a full day to learn about biblical identity and family roles. Many testimonies of blessing and personal healing were shared. The Lord was glorified and His Word proved sufficient and practical for their personal lives.

Jordan- Ajyal Biblical Counseling Center

Dr. Ibtissam conducted a workshop entitled *My Family: My Role and Responsibility: Seven Family Roles Undertaken by Women* at Ajyal Biblical Counseling Center

Summer Courses

Biblical Portrait of Marriage

The second season of *Biblical Portrait of Marriage* concerning the biblical roles of husbands and wives was held at Ajyal Biblical Counseling Center.

Online Courses

Parenting is a Heart Work

This summer, we offered an online "Parenting" course, which attracted Arab participants worldwide. Dr. Ibtissam carefully prepared and recorded the course content and materials. The online learning experience was designed to be both flexible and user-friendly.

Podcast

We were hosted by the Biblical Counseling Coalition 15:14 podcast by Dr. Curtis Solomon to share news about Biblical Counseling in Jordan and the Middle East and our ministry needs. We were promised to receive books for our community Library in progress.

Here is the interview link,

Center's Development

Community Christian Library

One of the Center's goals is to create a Christian community library for families and students, providing unique biblical resources and books that cater to all family members. We have finished stamping and setting the Dewey decimal classification for the first batch of books. Here are some preparation pictures!

Testimonies

Fuhais Ladies Workshop Testimonies : My Family - My Roles

Testimony_1
I learned about seven biblical family roles for women, each with different priorities. The workshop helped me organize these roles, set commitments, and establish boundaries, leading to more peace and love in my family relationships. I'm grateful for the experience.

Testimony_2
The workshop, rooted in biblical principles, increased our awareness and reminded us of our true roles as wives, mothers, and more. It helped us reflect on our relationships and responsibilities, creating a transformative shift in our biblical understanding.

Parenting is a Heart-Work Online Course Testimonies:

Testimony_1
The course helped me realize that changing my children's hearts is only effective for the short term. Instead, focusing on realizing their hearts for long-lasting impact is essential. This understanding has given me hope and confidence that through patience, love, and consistent guidance, my children's hearts will be transformed, and they will grow in hope and grace.

Testimony_2
The course has taught me the importance of being firm in guiding my children. Setting clear boundaries is crucial for their growth, and by doing so, I am safeguarding their hearts and preparing them for life's challenges. With wisdom, grace, and faith, I now walk this journey of raising my children, feeling empowered to lead them with love.

Egypt Ladies Conference Testimonies:

Testimony_1
Many lives were saved, and plenty of counseling and deliverance took place. Many ladies testified that they experienced freedom, and learned many biblical principles for proper relationships. Repentance of wrong relationships took place as well. The ladies asked for the recordings which were provided for them via Vimeo.
